Call: Grant for Researchers Exceeding Ambitious Targets (ERCL-GREAT)

GRANT FOR RESEARCHERS EXCEEDING AMBITIOUS TARGETS

European Research College London (ERCL) is excited to announce the first edition of the ERCL-GREAT grant competition, designed to attract top-tier researchers and support investigator-driven projects demonstrating excellence, originality, and the potential for societal impact.

AIMS OF THE CALL

The ERCL-GREAT aims to empower researchers to pursue original ideas with a high degree of scientific autonomy within ERCL’s international and interdisciplinary environment. Proposals are expected to align with the mission and strategic goals of the European Research College London and its founder – European Research University, including its commitment to academic excellence, innovation, and societal relevance.

This call is open to proposals in two strategic fields:

- Economics and Business Studies
- Psychological and Learning Sciences

GRANT STRUCTURE AND SCOPE

Successful applicants will be awarded:

- | | |
|---------------------|---|
| • Project duration: | 4 to 5 years |
| • Annual funding: | Up to £ 180,000 per project |
| • Focus: | Ambitious, high-impact research with strong academic or societal relevance |
| • Eligibility: | Open to researchers from early postdoctoral stage onwards |
| • Purpose: | To support scientific autonomy and foster future research leadership |

WHO SHOULD APPLY

The ERCL-GREAT scheme is intended for researchers who are establishing or consolidating their independent research careers and who demonstrate the potential to become future leaders in their field.

Applicants are expected to:

- Hold a PhD awarded within the past 10 years (extensions apply for parental or caregiving responsibilities)*
- Have a proven record of research excellence, demonstrated through high-quality publications, invited presentations, or contributions to international research activities
- Show the ability to develop and lead an original, ambitious, and methodologically sound research agenda
- Demonstrate independence and scientific maturity, including experience in collaborative and interdisciplinary research environments
- Provide evidence of prior engagement with competitive research funding (as applicant or team member)
- Submit a proposal that aligns with ERCL’s strategic goals and demonstrates strong academic and/or societal impact

** Note: The 10-year eligibility window may be extended in accordance with ERCL policy, for example to account for maternity, parental leave, or long-term caregiving responsibilities.*

The call is open exclusively to external candidates. Individuals who currently hold, or have recently held, an employment contract with ERCL or with the European Research University (its founder) are not eligible to apply.

INFRASTRUCTURE AND SUPPORT

ERCL offers successful applicants access to a fully equipped research workplace located in central London, providing an excellent academic setting within the UK research environment. Researchers will benefit from dedicated office space, institutional resources, access to databases, and administrative and technical support.

Physical presence at the London site is expected, as the grant is designed to foster an active, collaborative research culture. In line with ERCL’s commitment to equity and inclusion, the scheme supports researchers returning from parental leave or with ongoing caregiving responsibilities.

HOW TO APPLY

Proposals must be submitted via the official ERCL online grant submission form, in a **single PDF file**, and must adhere to the structure outlined in the Proposal Submission Guidelines available on the [ERCL website](#). Incomplete or improperly structured proposals may be deemed ineligible.

EVALUATION PROCEDURE

All proposals will be evaluated by an **independent international expert panel** composed of established researchers with recognised subject-specific expertise. The panel will assess applications based on scientific excellence, feasibility, and alignment with ERCL’s mission. The **evaluation criteria** are detailed in the **Proposal Submission Guidelines**.

KEY DATES

- Proposal submission deadline: **20 June 2025 (23:59 CEST)**
- Notification of results: **31 July 2025**
- Project start date: **1 September 2025**

OPEN DAYS

Applicants are encouraged to attend ERCL’s Open Day to learn more about the call, research environment, and available support.

- Venue: Regent’s University, Inner Circle,
London NW1 4NS, United Kingdom
- Dates: 13 May 2025
- Time: 18:00–20:00 BST
- Registration: Required at least 6 hours
in advance via [registration form](#).

CONTACT

For enquiries related to the call, proposal preparation, or the application process, please refer to the contact information provided on the [ERCL website](#).
